

Roses of Remembrance

A new Garden of Remembrance has been created at Hills Cemetery. This is to provide a wider choice for families to remember their loved ones in an attractively designed garden. The area is tranquil and ideal to sit and contemplate.

The area features attractive tree and shrub planting, where ashes may be scattered. The rose beds contain specially selected fragrant and disease resistant bush roses.

A rose can be bought and, together with a bronze memorial plaque, can be placed in one of the rose beds to remember a loved one.

The design of the plaque will normally include the name(s) of the deceased together with dates and a short epitaph. Examples of plaques are shown on the reverse of this leaflet. The plaque is placed at the base of a pre-planted rose bush. Ownership of this memorial will be registered to the person who has ordered the dedication.. No further inscriptions or additional plaques will be permitted without the consent of both the owner and the Council.

The price of the rose bush and basic plaque starts at £240+VAT and is for a period of 7 years. The payee then has the option of renewing it for a further 7 years subject to the regulations in force at the time.

The fee paid covers the provision of both the rose and the plaque inscribed to your requirements. Horsham District Council reserves the right to change the variety of rose during the dedication period if the rose bush fails, although every effort will be made to keep the same colour. Those plaques that have come to the end of their lease period are available for collection if requested by the registered owner. Plaques not collected within six months may be removed and disposed of by the Council. The laying of cremated remains to rest within the actual rose bed is not permitted.

Staff are available by appointment at Hills Cemetery to give assistance and advice.
