

Ref 4 Resident
Shipleigh Neighbourhood Plan

Dear Horsham district council,

I'm writing to you in regards to the proposed housing development in Shipleigh which I am against.

I fear that if there are more houses in shipleigh it will make the surrounding areas too busy as It already is congested. Especially the A272 "billingshurst road" coming down towards coolham crossroads which is very dangerous already as drivers never stick to the speed limit. Not to mention it will be much too busy at the junction next to the selsey arms pub. I have seen various accidents there at the junction over the years.

I am a resident at Broadford bridge road but Drive down this road very often.

Best regards
