

HDC Estates

Dear Sirs

Re: Sports Ground Cricketfield Road

Horsham District Council is the freeholder of this site which is held on a long lease (c230 years) to the tenants who operate the various uses (Cricket, Hockey, Squash and Tennis). The cost of maintaining the infrastructure is high and the tenant will struggle to keep buildings maintained without grant funding which may or may not be available. It is possible that the clubs may require parcels of the land to be sold off (probably for residential) in order to fund their activities. This could be done in a way that does not impact on the quality of this open space.
