The green space between Pathfield Road and Queen Elizabeth Road was not even considered or surveyed in the April 2020 green spaces assessment. A glaring omission!
It should definitely be a protected green space and would become an excellent wildlife meadow if the council stopped mowing it so frequently.
I did comment on this in the consultation, but it doesn't appear to have even been considered even after that.

What improvements or modifications would you suggest?

Add the green space between Pathfield Road and Queen Elizabeth Road to the protected list.
