Community Infrastructure Levy Rate Summary 2022

Horsham District Council's CIL Charging Schedule took effect on 1 October 2017. CIL charging authorities must publish a statement which sets out the indexed CIL rates for the next calendar year.

The RICS Community Infrastructure Levy (CIL) Index is an annual index and the figure to be used from 1 November each year is published in October. The index, once published, will not normally be subject to revision.

CIL Rates

	CIL charge £/m ² for 2017	CIL charge £/m ² for 2018	CIL charge £/m ² for 2019	CIL charge £/m ² for 2020	CIL charge £/m ² for 2021	CIL charge £/m ² for 2022

CALCULATIONS FOR THE YEAR 2022

Residential Development (District Wide Zone 1):

The CIL rate for Residential Development (District Wide Zone 1) for 1 January to 31 December 2022 is **£156.71/m²** based on the following:

Rate for Residential Development (District Wide Zone 1) (R)	£135
Index figure for calendar year in which the charging schedule took effect (I _c)	286
Index figure for calendar year 2022 (the RICS CIL Index published in November of the preceding calendar year) (I _y)	332
Indexed rate for Residential Development (District Wide Zone 1): $(R \times I_y) / I_c = (£135 \times 332) / 286$	£156.71/m²

Other Development

The CIL rate for Other Development ('Large format' retail) for 1 January to 31 December 2022 is **£116.08/m²** based on the following:

Rate for Other Development ('Large format' retail) (R)	£100
Index figure for calendar year in which the charging schedule took effect (I _c)	286
Index figure for calendar year 2022 (the RICS CIL Index published in November of the preceding calendar year) (I _y)	332
Indexed rate for Residential Development (District Wide Zone 1): $(R \times I_y) / I_c = (£100 \times 332) / 286$	£116.08/m²
