Please give details of your reasons for support/opposition, or make other comments.

You must provide an answer to this question.

I recently joined the golf club which has an 18 hole course. I do not want to be a member of a club with just 9 holes. Adjacent building and sporting facilities will impinge on any golf course.

Already noise from the football club is intrusive.

Also I think it is important to maintain the green space between Horsham and Southwater.

What improvements or modifications would you suggest?

Cancel the part of the project relating to the current golf course/club.
