**Please give details of your reasons for support/opposition, or make other comments here:**

**It beggars belief that it has taken West Chiltonton Parish Council 15 years to get this NP to this stage in its life. As a result it is littered with out of date information as identified by other consultees and is therefore not fit for purpose**

**Moreover, there has been too much secrecy: the need for responses from the Public on such an important matter should have had a very, very high public profile rather than relying on people accessing the WCPC website.**

**However, the most damning comment has to be that the only reason that this Reg 16 stage has been reached finally has been that HDC made it quite clear that without the inclusion of the Smock Alley Site as potential development land in order to align with HDC's own Plan then the NP would not get any further. Such undue pressure must be viewed with a very jaundiced eye.**

**Overall, a waste of time and public money: I have prior experience of "Neighbourhood Plans" and have yet to see one which achieved its objectives**

**What improvements or modifications would you suggest?**
