Please give details of your reasons for support/opposition, or make other comments here:

I strongly oppose any development whatsoever on the Rookwood site. Development here would be totally contrary to HDPF Policy 43. The site has always been intended for recreational use by the local community and it also provides a vital part of the local green infrastructure network. The fact that it abuts the Warnham Nature Reserve makes it even more vital that this area is kept free of any development. Policy HB10 seeks to protect the Nature Reserve from significant harm from development either on-site **OR NEARBY** (para 8.18).

The fact that the site is owned by Horsham District Council and it would be applying TO ITSELF for planning permission for development on any part of the site surely means it is even more important to remove any suggestion of development on this site. Horsham District Council must take notice of the strong local public opposition to any development on the Rookwood site, or its reputation will be tarnished.

Apart from this this comment on the Horsham Blueprint Business Neighbourhood Plan, I am largely in agreement with its proposals.
