3

Please give details of your reasons for support/opposition, or make other comments.

You must provide an answer to this question.

The development in Southwater has already changed the character and nature of this village and reduced quality of life for all residents significantly . Road noise , congestion and general overcrowding are now already present . The land being considered is a small part remaining of precious farmland that we can never take back. The housing proposed should be entirely centred on brown field sites. It should not be acceptable to develop agricultural land used today for cattle farming in place of another housing estate . I object unreservedly on the grounds of overdevelopment, overcrowding , noise , congestion and denial of remaining farmland

4

What improvements or modifications would you suggest?

You must provide an answer to this question.

Development should entirely focus on brown field sites. Southwater has already had its farmland devastated

5

Do you wish to be notified of the local planning authority's decision under Regulation 19 of the Neighbourhood Plan (General) Regulations 2012 in relation to the Southwater Neighbourhood Development Plan?

You must provide an answer to this question.

Yes

No
