<div>Project Title/Drawing Title</div> <div>HORSHAM DISTRICT COUNCIL SFRA</div> <div>FIGURE 3A- AREAS SUSCEPTIBLE TO GROUNDWATER FLOODING</div>	<div>Notes</div> <div>1. Areas Susceptible to Groundwater Flooding (ASIGWF) is a strategic scale map showing where groundwater flooding could occur on a 1km square grid. It shows the proportion of each 1km grid square where geological and hydrogeological conditions show that groundwater flooding could occur. The susceptible areas are represented by one of four categories showing the proportion of each 1km square that is susceptible to groundwater emergence. It does not show the likelihood of groundwater flooding occurring.</div> <div>2. The absence of values for any grid square means that no part of that square is identified as being susceptible to groundwater emergence.</div> <div>3. The map identifies areas where further investigation is needed to assess whether groundwater flooding may affect property or infrastructure.</div> <div>4. This data shown is the Environment Agency dataset 'Areas Susceptible to Groundwater Flooding'</div>	<div>Client</div> <div>HORSHAM DISTRICT COUNCIL</div>			<div>AECOM</div> <div>Midpoint</div> <div>Alençon Link, Basingstoke</div> <div>Hampshire, RG21 7PP</div> <div>Telephone (01256) 310200</div> <div>Fax (01256) 310201</div> <div>www.aecom.com</div> <div></div>
