1

To which part in the plan does your representation relate? Please provide paragraph number and Policy reference.

You must provide an answer to this question.

SNP7 Sports/Informal Sports areas - a) Denne Park Recreational Area (including golf course, driving range and HFC ground).

2

Do you support, oppose, or wish to comment on this plan? (Please select one answer)

You must provide an answer to this question.

3

Please give details of your reasons for support/opposition, or make other comments.

You must provide an answer to this question.

I support the designation of Horsham Golf Club as a formal/informal sports areas identified and the requirement that these sports areas are maintained for current and future generation (page 19);

I support the importance of protecting open spaces (page 17);

I support the development and protection of non-motorised routes – a bridleway already runs through the golf course. The Plan states that “development proposals must not have a detrimental impact on the landscape and visual amenity of users of a Promoted Route” (page 25);

I support the core principles, especially in respect of keeping settlements within their boundaries (page 11);

agree that the highway network is already stressed and further housing will only exacerbate the traffic problems (page 16);

support the designation of Denne Parkland as a Heritage Asset (page 33).

4

What improvements or modifications would you suggest?

You must provide an answer to this question.

We broadly support the designations regarding and affording protections to Denne Park, the Horsham golf and fitness golf course adjacent, and the Horsham football ground

However we would like to see text/clauses to ensure a balance of formal and informal sporting uses of this land can be maintained in future, and a clause to present its future use in the event that the golf course becomes commercially non viable, or similarly the Horsham football ground becomes non viable.

In this event; the land should revert to open green space for agricultural, equestrian or informal recreation

The reason for these clauses would be to prevent against intensification of use; to prevent against coalescence, and development on the site such as clubhouse buildings, artificial surfaces, parking, seating/stands, more floodlights, Tannoys and increased opening hours - all of which would further deplete the existing amenity of the Denne Park area and neighbouring residences.

5

Do you wish to be notified of the local planning authority's decision under Regulation 19 of the Neighbourhood Plan (General) Regulations 2012 in relation to the Southwater Neighbourhood Development Plan?

You must provide an answer to this question.

Yes

No
