| <p>This is in my view the most important part of the plan. Since the plan was drafted there has been a planning application DC/21/2429 that totally disregarded the separation zone and could have given access to the whole zone via a roundabout in Mill Lane. It is, I think, worth looking at the wording of this part of the plan to make it even more clear that no development will be permitted within this zone.</p> <p>Also, the land subject to planning application DC/24/1619 should also now be included in the separation zone – it is adjoining it – the planning saga has been going on for years and it quite clear from the comments made by Horsham Planning and the Appeal Chairman that the land is unsuitable for development, therefore it deserves the protection of the separation zone.</p> |
