This map shows the modeled scenarios for the 1 in 100 year flood event with additional allowances for climate change based on the Environment Agency’s Flood Risk Assessment: Climate Change Allowances. This is provided on the Environment Agency Website (www.gov.uk/environment-agency).

1. This is a map of the modeled scenarios for the 1 in 100 year flood event with additional allowances for climate change based on the Environment Agency’s Flood Risk Assessment: Climate Change Allowances. This is provided on the Environment Agency Website (www.gov.uk/environment-agency).

2. The modeling of this flood event defines the extent of flooding with additional allowances for climate change as depicted for the districts of Arun, Worthing, Brighton and Hove, Adur and Mid Sussex Councils. Climate Change 35%, Climate Change 45%, and Climate Change 105%.
