Ashington Neighbourhood Plan 2019-2031

The Neighbourhood Planning (General) Regulations 2012 (as amended) - Regulation 16

10 AUG 2020

HORSHAM DISTRICT COUNCIL

Ashington Neighbourhood Development Plan

In light of recent announcements regarding COVID-19 Horsham District Council has reviewed its protocols regarding the consultation process for neighbourhood plans, a number of which were published for public consultation shortly before the government imposed the nationwide lockdown.

In order to continue to progress neighbourhood plans, we have made a decision to restart with the consultation process with measures we feel are in accordance to the government guidelines.

Ashington Parish Council has prepared a Neighbourhood Development Plan (ANP). The Plan sets out a vision for the future of the parish and planning policies which will be used to determine planning applications locally. In accordance with Regulation 16 of the Neighbourhood Planning Regulations 2012 (as amended), the ANP and associated documents will go out to consultation:

Wednesday 17 June to Wednesday 12 August 2020 for 8 weeks inviting representations on the draft submission plan, basic conditions statement, consultation statement and the full Strategic Environmental Assessment (SEA).

Copies of the ANP Neighbourhood Plan and supporting documents are available to view on the Horsham District Council's website:

<https://www.horsham.gov.uk/planningpolicy/planning-policy/currentconsultations>

Documents will not be made available in deposit locations due to the current COVID-19 pandemic. If local residents have difficulty in engaging online we have provided a telephone number and email address below. Members of the public are encouraged to leave their details for an officer to contact them back if they need further information.

Southern Water have notified the residents of Aushington are at risk of water shortages - with additional dwellings of 225 minimum, where will the water services come from and can the drains cope? Look at the problems at Muddles Corner in Mill Lane for example.

There is insufficient parking for our one little shop now, so more cars will park along the roadside and that is already a 'stalem' drive especially for the buses and larger lorries. In addition, access to the A24 would need to be in place, if another possible 450 plus cars arrive, as existing roads will not cope and the majority will have to commute to places of work.

The school would need to expand - where?

Aushington was built as a village and all our services remain at that level. We have accepted more houses over the years and are now at risk of becoming a town where services will be swamped.

What improvements or modifications would you suggest?

To reduce the carbon footprint we need light industry, shops etc.

To occupy the younger generation we need things that keep them out of mischief.

A car park - but there doesn't appear to be a space left for one
