Please give details of your reasons for support/opposition, or make other comments here:

Paragraph 1.6 states The Plan gives local people the power to decide where new housing should go and how the Parish could change. However there has been considerable local opposition to developing this site and as a result there have been 5 refusals.

Smock Alley's inclusion in the draft Neighbourhood Plan is a developer-led project, not as it should be, which is sustainable development led by the community.

To recap on the reasons for past refusals :

There is limited access to sustainable modes of transport.

Distance to local services.

Reliance on motor vehicles, making the site unsustainable.

Site forms part of the Settlement Separation Zone between the 2 parts of the village.

Proposed development would be out of character for local area.

Harm to the Protected Wildlife recorded, [REDACTED] [REDACTED] [REDACTED].

Smock Alley is a narrow road and there is already considerable traffic which is a constant danger to walkers and cyclists. The property frontages are constantly damaged by large vehicles who drive on the grass forming part of our properties. More traffic will only make the situation worse.

What improvements or modifications would you suggest?

We would like to see the Smock Alley site removed from the Neighbourhood Plan

(Continue on separate sheet if necessary)
