

The College of Richard Collyer, Horsham

Langley Green Primary School, Crawley

Warnham Primary School, Horsham

Farlington School, Horsham

St Robert Southwell Catholic Primary School, Horsham

As West Sussex County Council's partner, Sussex Building Control is the provider of choice for schools and colleges across the county. We are part of the design team and provide advice and guidance to architects and contractors to help them create safe, energy efficient and sustainable classrooms, dining halls, libraries and other facilities. Fire safety is the key focus in the educational sector and early consultation is critical in ensuring the design meets building regulations standards in a cost effective way.
