Ashington Neighbourhood Plan 2019-2031

The Neighbourhood Planning (General) Regulations 2012 (as amended) - Regulation 16

HORSHAM DISTRICT COUNCIL

Ashington Neighbourhood Development Plan

In light of recent announcements regarding COVID-19 Horsham District Council has reviewed its protocols regarding the consultation process for neighbourhood plans, a number of which were published for public consultation shortly before the government imposed the nationwide lockdown.

In order to continue to progress neighbourhood plans, we have made a decision to restart with the consultation process with measures we feel are in accordance to the government guidelines.

Ashington Parish Council has prepared a Neighbourhood Development Plan (ANP). The Plan sets out a vision for the future of the parish and planning policies which will be used to determine planning applications locally. In accordance with Regulation 16 of the Neighbourhood Planning Regulations 2012 (as amended), the ANP and associated documents will go out to consultation:

Wednesday 17 June to Wednesday 12 August 2020 for 8 weeks inviting representations on the draft submission plan, basic conditions statement, consultation statement and the full Strategic Environmental Assessment (SEA).

Copies of the ANP Neighbourhood Plan and supporting documents are available to view on the Horsham District Council's website:

<https://www.horsham.gov.uk/planningpolicy/planning-policy/currentconsultations>

Documents will not be made available in deposit locations due to the current COVID-19 pandemic. If local residents have difficulty in engaging online we have provided a telephone number and email address below. Members of the public are encouraged to leave their details for an officer to contact them back if they need further information.

As a home owner in Church Close, I am naturally very skeptical regards building close to where I live, which will ruin the currently peaceful pace of the place. But in addition to this - it is in my opinion just the wrong place to be developing. There is no commercial infrastructure to support any more CARS and families in the current lay-out. The Co-op is already overpopulated with cars and this ruins the area for surrounding houses near the Co-op.

Church Lane is likely to be ruined for years if it is the only access route. The church will be like a polar bear marooned on a piece of ice in the Antarctic - with lorries thundering by! The whole village deserves a proper long-term new centre to support even the current population, of people + CARS! Ashjlan has precious few positive points in terms of environment + peaceful recreation/school/church/community centre area will be ruined.

What improvements or modifications would you suggest?

In my opinion, all of these will apply - overdevelopment of the village centre, effect on the Parish Church, the limitations on the development of the school - which will be necessary with additional people families - The existing traffic links to A24 - all of which render the current site unsuitable! Please explore the possibilities of the other end of the village, where there is room to expand + develop in a civilised way, and build the services + infrastructure necessary.

Will the latest changes in planning make a difference I wonder?
